

MASSIMILIANO PANESSA
Yacht & Small Craft Surveyor

Cavriago, 11/04/2020

Subject: Safety Protocol according to Italian Prime Minister Decree April 10, 2020, about COVID-19 transmission prevention and containment

Studio Panessa keeps working in restriction time adopted for COVID-19 transmission prevention and containment as per Italian Prime Minister Decree April 10, 2020 according with the following

Safety Protocol

Through May 3, 2020 or further date to be defined

1. It will not be accepted assignments requiring journey abroad, or by air or maritime way, or requiring overnight stays, therefore will be only accepted assignments with no more than 400 km travel from firm's office.
2. Survey may be attended by:
 - a) The Broker, who shall keep at least 2 meters clear from the Surveyor; he cannot be aboard inspected craft at the same time as the Surveyor, exception made for a sea trial.
 - b) No more than one Engineer appointed to inspect the engine; within engine room the Surveyor and the Engineer can not present at the same time.
 - c) Nobody else is allowed to attend the survey, neither the yacht's owner that should appoint a professional skipper to conduct sea trial, nor the Customer who may ask for a remote connection in order to follow inspection.
3. Everybody attending the survey shall keep a 2 meters inter-personal safe distance wearing suitable Personal Protective Equipment, among which a face mask covering nose and mouth and nitrile or latex disposable gloves are required.
4. Any work carried out on inspected craft must be terminate the evening before inspection, and may be restarted at the end of survey.
5. During survey the Surveyor will sanitise any item subject to anybody's contact or proximity, among which yacht entrance keys and any other surface, using a 1% sodium hypochlorite solution or alcohol.
